PRINCIPAL'S PERSPECTIVE – Have you noticed that it is staying lighter longer?

Personally, I welcome the extra daylight. I won't get into all the science behind the increased light; however, I will say that each of us as Christians are a light. Our light as Christians shouldn't increase or decrease. While we are sinners and sometimes our light does decrease, we thank God who is the constant perfect light for us and we can reflect the love of Jesus to all those around us. As you notice the longer days, remember you are a light that reflects the good news of salvation!

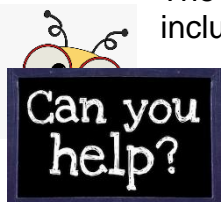

PARENT/TEACHER CONFERENCES – Today was the deadline to turn in your conference slips which will be held the week of Jan. 31. Conferences for K-8 are not required unless parents wish to meet with their child's teacher or if the teacher desires to meet with you. If you would like a conference and have not turned in your slip, please call or email the office today. K-8 families that would like a conference will receive an email by the end of the week with their date and time(s).

SCHOOL OFFICE HOURS – Mrs. Paske will be on vacation next week, Jan. 24-28. If your child is absent during that time please contact your child's teacher or called the school and let Mrs. Petersen know.

THRIVENT- Are you a member of Thrivent? Did you know that if you are a member you automatically qualify for their Action Teams? You may be asking yourself, "What is an Action Team?" Action Teams are a great way to support the nonprofits you care about. The program is set up with all the things you need to make your project successful including a \$250 donation. This is generosity in action! We are looking to start a new
